

4th European Micro Gas Turbine Forum

11th & 12th October
Brussels, Belgium

Objectives

The [European Micro Gas Turbine Forum](#) is an initiative launched to foster the commercial deployment of micro gas turbines by setting the scenario where all stake holders have a platform to share knowledge and experience, collaborate, and discuss a roadmap to move the technology forward.

Registration now open via this [link](#)

Symposium

During this Symposium we aim to gather and share invaluable experiences, particularly since the pandemic. **Keynote speeches:**

- **Sean Fitzpatrick, CEO of Pure World Energy, UK:**
Micro-Turbines' Role on the Path to Net Zero Emissions
- **Hans Korteweg, MD of COGEN Europe, Belgium:**
Micro-CHP and the European Green Deal

Leading on to a **discussion by a panel** formed by our keynote speakers as well as:

- **Willy Ahout, CEO of Micro Turbine Technology (MTT), The Netherlands**
- **Tony Hynes, CEO of Aurelia Turbines, Finland**
- **Michel Delanaye, CEO of Mitis, Belgium**

Venue

The fourth iteration of the meeting will be hosted at Tangla hotel, Avenue E. Mounier 5, Brussels 1200, Belgium. The hotel is ideally situated close to Brussels International Airport.

The EMGTF meeting will take place after the 11th International Gas Turbine Conference (IGTC) organised by ETN Global.

NextMGT

This year, we will be hosting the final scientific event of the “Next Generation of Micro Gas Turbines for High Efficiency, Low Emissions and Fuel Flexibility” [NextMGT](#) project which is funded by the European Union's Horizon 2020 research and innovation programme under Marie Skłodowska-Curie grant agreement No 861079.

15 Early-Stage Researchers will present project results and plans in a Pan-European Perspective on the second full day.

Organisation

Prof. Abdalnaser Sayma (Co-founder)
Professor of Energy Engineering
a.sayma@city.ac.uk

Prof. David Sanchez (Co-founder)
Professor of Energy Systems & Turbomachinery
ds@us.es

Dr Jafar Al-Zaili
Senior Lecturer in Power and Propulsion
jafar.alzaili@city.ac.uk

Dr Tala El Samad
Lecturer in Thermo-Fluids for Energy Systems
t.elsamad@city.ac.uk
